

PROM & HOMECOMING Transportation Services...

Bring on the Bling! Let Family Car Service highlight your prom or homecoming memories with elegant and professional transportation to your school's events. Our SUV limos, sedan limos, or exotic limos are the most popular types of vehicles chartered for these occasions. One or two way transfers can be accommodated in our sedans, SUVs, vans, or buses. They are also available for hourly charters, as well.

We do not provide limo transfers for these events. Limo operators rarely provide limo transfer services for these events, and you will most likely be sharing the vehicle with another party. We have found that transfer bookings in limousines for Proms or Homecomings cause scheduling problems both for FCS and the client. The demand is greater for stretch limousine hourly charters, and there are simply NOT enough limos available to perform transfers for these events.

All limo hourly AD or charter services come with ice and beverages. Beverages include a mix of regular and diet sodas and bottled water. Due to liability issues and Florida law, there will be NO alcohol permitted in any FCS vehicle for prom or homecoming transportation, regardless if someone in the party is of legal drinking age. Please see our Alcohol & Drug Policy in our policies and terms for more information.

PROM & HOMECOMING

Transportation Services...

FCS and it's drivers are NOT chaperones or law enforcement officers, and will accept NO responsibility or liability for the decisions, or behavior of its passengers. We do have a strict policy concerning unruly conduct from passengers. FCS does not shake down or frisk it's passengers, adult or minor before entry of it's vehicles. We highly recommend reading our polices and terms when reserving any FCS vehicle for your night out on the town services. Please view the vehicle capacity chart with hourly time limit minimums per vehicle, below.

FCS does not book reservations from anyone under the age of 18. Only a parent or legal guardian can reserve transportation for these events. All proper protocol for booking and confirming a reservation is the same as any other type of service. Please read our polices and terms for more information. FCS drivers will be happy to take any special instructions from a concerned parent. Parents may want to leave multiple phone numbers for the driver to call in case of need. You may request a driver to only go from point A to point B with NO stops at a certain time. Or you may arrange a specific place for the party to stop before returning home.

VEHICLE CAPACITY & HOURLY SERVICE CHART W/O LUGGAGE		
	Passenger Maximum	Hourly Minimum
Sedan	3 Adults 1 child	3 Hr
